Introduction

Welcome to your astrology compatibility report.

This report is based on the astrology technique of Synastry, which compares the horoscopes of two people and interprets the correlations between them.

The first part of the report analyses the mix of Qualities and Elements between you to give a general indication of your modes of behaviour.

The second part looks at the placements of each other's planets in one another's natal houses. This indicates how you influence each other in the areas of life represented by the houses occupied by one another's planets.

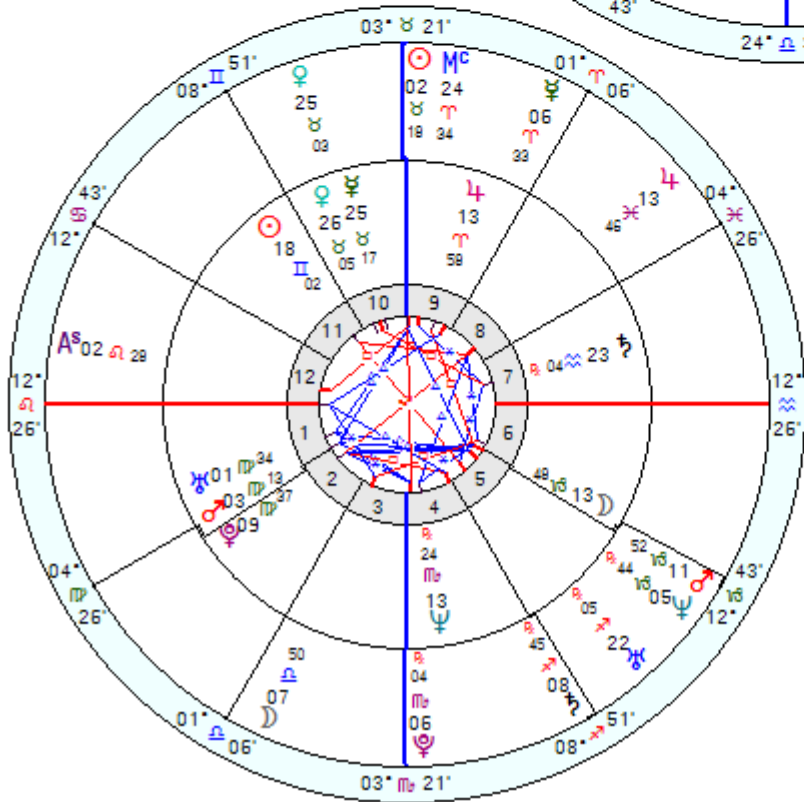

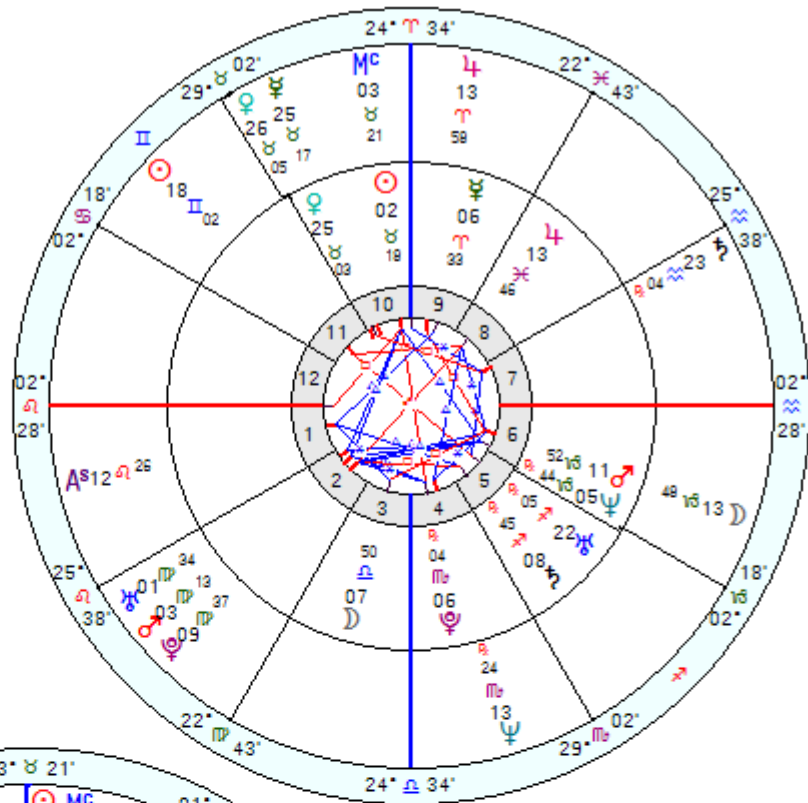

The third part interprets the inter-aspects between your two charts. This shows how you relate to each other. Some of these interpretations are positive and easy and others are challenging.

Your Synastry report reveals your areas of harmony and compatibility as well as your areas of tension and conflict. Hold in mind that human relationships are complex and contradictions can occur in the interpretation.

We trust you will find the report insightful and helpful.

Qualities and Elements

Amber's strongest Quality is Cardinal and Johnny's strongest Quality is Fixed

Relationships between Cardinal and Fixed personalities can be challenging. Amber likes change and is good at getting new things off the ground; whereas Johnny tends to hold onto the known and familiar.

Problems can arise between you if Amber's initiatives are opposed by Johnny because of stubbornness or a resistance to change. Positively, Amber stimulates and stirs Johnny into action and Johnny, in turn, has a stabilising influence on Amber.

Amber's strongest Element is Fire and Johnny's strongest Element is Earth

Relationships between Fire and Earth personalities can be mutually advantageous. Amber is enterprising and outgoing, whereas Johnny is security conscious and cautious. Johnny benefits from the opportunities that Amber creates and Amber, in turn, benefits from Johnny's common sense and ability to provide material protection.

Problems can arise between you, however, if Amber becomes frustrated with Johnny's conservatism, or if Johnny can't cope with Amber's constant need for change and excitement.

Amber's Houses

Johnny's Planets in your Houses

His Sun is in your 11th House

You have found a true friend in Johnny. You may have met one another through a mutual friend, a common interest group or in a social setting. He has a beneficial influence on you and will be there for you through good times and bad. You have similar aspirations and when you put your minds together there's little you can't achieve.

His Moon is in your 6th House

Johnny intuitively knows when you are not feeling on top form. He understands what you need and is always ready to give a helping hand. You couldn't ask for a better or more devoted care-giver or helper.

His Mercury is in your 10th House

He seems to know what you want to achieve in life - personally and professionally - and is more than willing to help you in whatever way he can. He may offer you career advice or even put you in touch with important and influential people.

His Venus is in your 10th House

Your social status in life is important to you both. He can do wonders for your reputation or professional life. He enjoys encouraging you in your work and spurs you on to do the best job you can.

His Mars is in your 2nd House

Financial matters feature strongly in this relationship. He is straight up and forth-right in his views about how you should manage your finances and spending. Conflicts can arise when you don't see 'eye to eye' on how money is to be spent.

His Jupiter is in your 9th House

In Johnny, you have someone who shares similar philosophical and spiritual beliefs. You make plans together and have those deep and meaningful discussions that continue well into the night. It would be hard to think of a better travel or holiday companion because you like similar things and activities.

His Saturn is in your 7th House

You have to ask yourself: "Is this the person I can see myself spending the rest of my life with?" Answer this question honestly. He certainly has the potential for being around for the long haul, however, he may try to take control of the relationship.

His Uranus is in your 2nd House

Johnny may have original or unusual ideas about wealth and possessions that you could find unsettling, especially if you are strongly security conscious. Guard against involving yourself in risky financial arrangements or investments with Johnny if they don't sit right with you.

His Neptune is in your 4th House

Feelings of uncertainty or insecurity may surface in this relationship with regards to family and domestic matters. You may find it difficult to put down roots together to create an ideal home life. Living by water can be beneficial to you both.

If you like it or not Johnny has a way of jolting you out of your comfort zone. He forces you to transform your ideas about money and possessions. Be aware that your connection with him can cause your financial and material security to change for the better or the worse.

His Ascendant is in your 1st House

You understand each other very well. He knows where you are coming from because he has similar personality traits and motivations as you. In some ways, it's like looking in the mirror.

His Midheaven is in your 10th House

You are able to help one another become established in the world and to gain recognition in your chosen fields. You tend to want the same things and know how to get them.

With this aspect, you express your combined energies positively and confidently. You support each other's ambitions and push one another along to achieve your personal and shared goals. Together, you enjoy an active life-style and take great pleasure in being constantly busy. You are open and direct with one another and make your intentions known to each other without fear of disapproval or reprisal.

Amber's Sun is Trine Johnny's Uranus 0° 44' S

One of the things that attracted you to each other is your mutual sense of fun and impulsiveness. You love spontaneity and keeping each other on their toes. You are both up for new experiences and get a kick out of trying different things together. Other people like being around you because of the positive way you 'spark off' of one another.

Amber's Sun is Conjunct Johnny's Midheaven 1° 03' S

A conjunction between the Sun and the Midheaven in a relationship is a potent combination for success in the world. The aspirations of one are assisted in their realisation by the power and organisational skills of the other. Together you make a formidable team. You encourage one another and support each other in your individual ambitions.

Amber's Moon is Square Johnny's Moon 5° 58' A

You have quite different emotional needs to each other. Sometimes you are right on the money when it comes to gauging one another's feelings and other times you are way off beam. When the latter occurs, you feel that you don't really know one another and that you don't have anything in common.

You can become irritable with each other and moody if your inner needs are not being met. Meeting each other half-way can help to ease any tension or feelings of dissatisfaction.

Amber's Moon is Sextile Johnny's Ascendant 4° 35' S

You relate well to one another emotionally and have the ability to sense each other's needs. You interact with one another effortlessly and find it easy to adapt when necessary. There is genuine empathy, tenderness and affection between you.

Amber's Mercury is Trine Johnny's Ascendant 5° 52' S

Communication between you is easy and fluid. You understand each other well and love that you are able to talk about anything and everything. Intellectually, you have similar interests and abilities.

Johnny's Mercury is Conjunct Amber's Venus 0° 14' A

This is a very agreeable planetary link in a relationship. You tend to be in agreement on most things and have the ability to appreciate one another's views or points of disagreement.

Communication between you is generally harmonious and pleasant. You discuss your relationship a lot and are generally affectionate towards each other. You tend to have similar aesthetic tastes and an appreciation of the good things in life.

Amber's Venus is Conjunct Johnny's Venus 1° 02' A

This is a very desirable contact for love and friendship. You feel in harmony with one another and that you know each other intimately. You enjoy similar pleasures and have similar romantic and aesthetic tastes. Emotionally, you are on the same wavelength and you want the same things in and from a relationship. This is very much a case of like attracting like.

Amber's Venus is Square Johnny's Saturn 1° 59' S

This is one of the most difficult relationship combinations. It can be hard for you to be intimate with each other and to feel completely satisfied emotionally or sexually. There may be control issues to contend with due to one of you deliberately attempting to rule over the other.

The tensions caused by this can eventually lead to separate lifestyles or living arrangements - or separation itself. Sometimes, often for security reasons, people with this aspect stick together but it can be a bit hard-going for both individuals.

Johnny's Moon is Conjunct Amber's Mars 1° 57' S

This is not an association for the faint-hearted. There is great sensitivity on one side of the relationship and not enough on the other. You are both demanding of each other in different ways; one of you is emotional and the other may be pushy and self-centred.

Sparks fly between you and invariably one of you feels the brunt of the other's power, be it emotional or physical. There can be the tendency for you to lash out at each other. Expect many arguments and quarrels. You both know how to push each other's buttons.

Amber's Mars is Square Johnny's Jupiter 2° 06' A

You are both determined to live your lives to the full and will do what it takes to achieve your personal and combined ambitions. When working together on a project, you push and encourage one another and inspire each other with enthusiasm. However, there can be difficulties between you caused by differences of outlook or disagreements on how to do things. Conflicts over money or expenditure are also possible.

Amber's Mars is Sextile Johnny's Neptune 1° 33' A

You are well-suited to pursuing spiritual or creative activities together. You can inspire and stimulate each other's imaginations. From time to time, it is good for you to get away together and escape the daily grind.

Amber's Mars is Trine Johnny's Pluto 2° 14' S

When you put your hearts into it, you can achieve a great deal together. You can motivate each other to get things done, even if it is demanding and requires long hours of work and dedication.

Johnny's Sun is Square Amber's Jupiter 4° 16' S

Even though this is a challenging aspect, its influence on a relationship is fundamentally positive and beneficial. As a couple, you can advance socially and materially. Negatively, there may be some problems with wastefulness and extravagance on the part of one partner. Philosophical or religious differences are also likely.

Johnny's Moon is Sextile Amber's Jupiter 0° 02' S

You are open and honest in your feelings for one another and enjoy emotional harmony. You have an instinct for each other's emotional needs and a strong desire to make one another as happy as possible. You have the ability to advance socially together and to prosper financially and materially. Travelling together should be easy and enjoyable.

Amber's Jupiter is Trine Johnny's Neptune 0° 22' S

You are sensitive and compassionate towards one another and other people. Spiritual subjects interest you both greatly and you are receptive to one another's beliefs and spiritual practices. You understand and appreciate each other at an inner level.

Amber's Jupiter is Opposition Johnny's Pluto 4° 09' S

The challenge with this aspect is to respect and tolerate one another's personal beliefs and philosophical outlooks. If either of you tries to force a personal belief system on to the other there can be problems between you. Conflicts can also arise through squandering, wastefulness and obsessive behaviour.

Amber's Saturn is Square Johnny's Pluto 0° 52' S

This combination forces each of you to confront your individual fears and inhibitions. The test, however, is not to judge each other's anxieties. Be truthful with one another but also empathic; then there will be real growth between you. Guard against manipulating or controlling each other, as it could undermine your relationship.

Amber's Saturn is Trine Johnny's Ascendant 3° 40' S

This aspect tends to bring out the best attributes of Saturn. You are prepared to work on your relationship. You are aware of your personal and mutual responsibilities. This can be an enduring union.

Johnny's Sun is Opposition Amber's Uranus 4° 02' A

Your first meeting was likely to have been sudden or in a situation that was unusual to you both. The energy between you is electrifying and exhilarating. You thrive on spontaneity and change.

You like giving one another surprises and challenges. Life together is always interesting. Other people find your relationship exciting and stimulating because they can see that you don't play by the rules. You can also experience build ups of stress and tension with each other as well.

Johnny's Saturn is Sextile Amber's Uranus 1° 00' S

You both recognise that change and spontaneity within a relationship have long term benefits. There isn't much likelihood that you'll allow one another to become stuck in your ways.

Johnny's Mars is Trine Amber's Neptune 2° 32' A

When you put your hearts into it, you can achieve a great deal together. You can motivate each other to get things done, even if it is demanding and requires long hours of work and dedication.

Johnny's Uranus is Sextile Amber's Pluto 4° 30' A

You are both aware of social issues and may feel compelled to do something about those that concern you the most. If you combine your energies and resources, you can make a difference. You view change as a force for good even if it is accompanied by crisis.

Amber's Pluto is Opposition Johnny's Midheaven 2° 43' A

It is rarely all quiet on the home front. Anticipate domestic and family upheavals from time to time. There may be the tendency for one partner to be dominant and bossy around the house. Power struggles are common between family members. There can also be the tendency for one or both of you to dredge up the past.

Amber's Ascendant is Square Johnny's Midheaven 0° 53' S

The connection between you is very significant and personal, however, your individual and relationship aspirations are quite different and at times at cross-purposes with one another. You sometimes clash over family and domestic matters.
