One Year Forecaster

As the planets move around the zodiac they make 'aspects' or angles to the planets in your birth chart. In astrology these 'aspects' are called 'transits' and they are detailed in the pages that follow.

Sometimes a planet may aspect another, then appear to move forwards and then backwards for a long period of time recreating the same 'aspect' several times over. This backwards motion is known as 'retrograde' motion.

This forecast can be used as a helpful guide to the year ahead. At all times it is for you to choose the best path to follow and develop the most positive parts of your character.

Unfinished business

You may feel a vague sense of irritation or repressed anger, the source of which you cannot really put your finger on. Look within, it could have something to do with your past. This can be a time of frustration, as whatever you say or do may be misunderstood, with efforts and actions not being noticed or rewarded. Work alone as much as possible otherwise work through charity and voluntary work to help others who cannot help themselves.

Relationships

♃ transiting your natal 7th House

Relationships with others should work well at this time, teaching you more about yourself. You will now meet people who can help you and in turn, you will shower loved ones with generosity, spoiling them with an abundance of affection and small gifts. A new lover may come from a completely different culture or background, possibly someone older or from abroad. Legal matters should also work out to your advantage but beware overconfidence. Do not overlook details, which could trip you up. This is also a good time for medical consultations or therapy of any kind.

From about: 1 June 2007 to about: 31 May 2008

♃ transiting your natal 5th House

Performance

You may now feel inhibited or unable to spontaneously enjoy yourself, for fear of looking silly. Social life may therefore not be as active as usual. Children could restrict you or become a heavy responsibility. Relationships and love affairs may also become strained. Any new love in your life may be someone much older or a lot younger than yourself. Avoid gambling and risk taking, at the moment success will only come as the result of hard work. Work involving creative interests and artistic pursuits should be particularly successful.

From about: 1 June 2007 to about: 31 May 2008

Flouting convention

Expect the unexpected in your friendships and dealings with clubs or group associations. Be flexible and keep an open mind. You will now probably make new friends quite easily, with exciting and very different people, but may have to bid farewell to some old friends.

Associations

You will now have a need to help others less fortunate than yourself. You may also attract artistic or psychic friends who will introduce you to deeper levels of awareness. However, there may be some confusion or uncertainty surrounding friendships. Do not be fooled by others, see them as they really are. You may also be attracted to friends who may try to escape from reality through drink and drugs.

Intensity

There may be changes in your attitude to life and way of thinking. You may experience deep and intense emotional sharing with others, through sexual relationships or any relationship in which you are responsible for another's well being. This can also refer to business partnerships, or any form of bond in which money or resources are shared. You may now have to suffer some pain in your search for emotional security. Therefore, there may now be upheavals or power struggles involving joint finances or matters regarding inheritance, taxes and insurance. Avoid borrowing or going into debt.

Transiting ♃ △ your natal ♀

Sympathetic

During this time, you will put others before yourself and will be seen as sympathetic, generous and optimistic. You may devote time and energy to helping those less fortunate than yourself, or simply have a strong shoulder for a friend in need to lean on. Any help, that you give now for friends, will be repaid with gratitude and love in the future.

Love, romance and friendship will all be highlighted. You will want to spend as much time as you can with people you love - enjoying their company. This could be the beginning of a pleasant, romantic love affair. But, three words of warning, watch your diet. You are likely to become somewhat self-indulgent, eating and drinking just that little bit too much!

Strenuous work should be avoided, as you will be feeling unhurried, easygoing and carefree. However, as creativity should also be enhanced, and if you've recently been lacking the necessary inspiration to pursue creative and artistic projects, then now is the time to try writing, composing music, drawing, painting; whatever you consider is your field. The end results could bring tremendous satisfaction.

If you don't consider yourself particularly creative then perhaps you may take up a new study or retrain in your job or career. Travel or a holiday would also be a good idea around now.

A financial windfall may come your way, but in wanting to surround yourself with beauty and the luxuries of life, the cash may be spent just as suddenly and quickly as it arrived!

Start of a new 29.5 year cycle of 'more openness'

Blown away

Unpredictable conduct may be the catalyst for extreme changes in your life. This is a time of endings and new beginnings. You may also be somewhat secretive in your plans and projects. However, too much intrigue could be your undoing.

Think back over the past six months and you will see that the winds of change have gradually increased in strength - blowing away anything that is no longer of consequence or use to you. For some, the losses may seem painful but in months to come you will emerge a stronger, more mature and more confident individual. It is important not to hold onto the past - but to look and plan for the future, as you want it to be, not as others want it to be for you.

In business, it is time to wind up projects and deals that have just been staggering along. It is time to cut your losses and concentrate on new contracts and propositions. The same goes for love affairs and personal relationships. Stable, happy and secure relationships will not be affected, but outworn negative relationships will more than likely disintegrate.

You may also become more involved in religious or political issues during this time.

Beware 'get-rich-quick' schemes

During this time it is of the utmost importance not to become involved in any shady, or dubious, schemes or deals, anything that would either cause scandal or trouble with the law. Frustration

Feeling frustrated and angry, this could be a very trying time. You may even have difficulty in focusing on your anger, not really knowing where it is coming from - but being all too aware of the incredibly intense feelings bubbling away inside you just waiting to erupt. Perhaps this anger is the result of having to wait a seemingly endless period of time for a particular event to happen.

Steady progress

This will be a time of deep meditation and thought, but nevertheless, also a time when you will be able to channel your energy in a constructive, objective and disciplined manner. No task will seem too great and whatever you start now will probably withstand the test of time. In particular, this will be a time when you will be able to balance your material and more spiritual, idealistic desires.

New friendships may be formed with older individuals or you may have more contact than usual with parents or other, older, members of your family. A problematical issue from the past may now be resolved.

Any job or project that requires you to pay attention to detail, as well as evaluate it as a whole, should now be attended to. In short, this a time for work that requires mental discipline, order and uninterrupted concentration - a time for long terms plans. You may now also choose to research or write about a particular subject, perhaps something to do with history or events, people or objects linked with antiquity or age. Short journeys are likely.

However, there is one strong word of warning during this time - don't take yourself too seriously - don't lose your unique sense of fun!

Tetchiness

Verbal aggression could cause some problems during these few days. Feeling somewhat tetchy, fools will not be suffered gladly and anyone who provokes you, or who doesn't meet your high standards, is likely to be subjected to cutting and sarcastic criticism. Be careful of hazardous or dangerous situations as you could now be accident-prone.

Transiting   your natal 

Brash conduct

A streak of selfishness could temporarily make you either forget, or ignore, other people's needs. At the moment you are only out for number one and no one else will matter. Obviously, this could alienate friends and loved ones, so conflicts are likely. Think carefully before acting on impulsive decisions - it really is the right time to look before you leap.

Money matters

All financial matters and investments should proceed smoothly - and could prove extremely lucrative. Being more serious minded and practical regarding money, you will not be willing to take risks and therefore all financial strategies will now be well planned.

Promotion or business expansion is likely with many professional opportunities originating from your determination, and strong, solid foundations laid over the past few years. Previous hard work should now be rewarded.

Help and support may come from established and respectable sources, possibly from older people, or from your parents or people in some kind of authority. Legal, insurance and tax matters should also proceed satisfactorily.

Personal plans and ambitions could now become reality. But before you rush headlong down new, or previously unexplored paths and avenues, make sure it is what you really want to do rather than what someone else wants you to do. Allow more time for meditative thought - sit quietly and listen to the voice of your inner self.

Misunderstanding

Events may trigger memories and past emotions. Excessive sentimentality could lead you to escape into the past rather than face the pressures, pain and problems of the present. Enforced changes in lifelong habits could be difficult to come to terms with and, for a time, you may feel out of control.

Communication with others may also be rather confused and disjointed therefore misunderstandings could occur.

Financial affairs could now concern inheritance, insurance or tax matters.

Confidence and success

This should be a happy, cheerful and peaceful period in your life with friendships playing an even more important role in your everyday affairs. In particular, there is likely to be more contact with women, with a friend, wife, or even business partner bringing more comfort and stability into your life.

If a friend asks you for help then don't hesitate doing what you can for them. In time to come this kindness (and much more) will be returned with the same love and support that you, yourself, gave.

You may find yourself dealing with the public much more than usual during this time, so be confident, because the outcome will be extremely successful.

Expect some contact from abroad, especially from friends and family living overseas. They may even surprise you with a visit or a phone call.

Finances and cash flow should finally look more prosperous.

From about: 28 June 2007 to about: 12 November 2007

Jigsaw

Practical common sense combined with clear, logical thought, should enable you to make ordered, positive and constructive plans for the future. Having planned all the intricate pieces of your life, and then slotted them into a rational order, you will be able to see the whole picture of what is ahead - rather like completing a jigsaw in your mind.

As your mind will be so intuitively sharp and capable of tremendously deep intellectual and spiritual understanding, this would also be an excellent time to involve yourself in any form of research or investigation (possibly involving metaphysical subjects). Not content with superficial answers to questions, you will delve deeply in order to unearth and understand the truth. You may now come across some secret information previously hidden from you. In any case, the answers that you find may completely change your attitude to life and your way of thinking.

This is certainly a time to take advantage of any opportunities that come your way, especially if they involve travel. A new friend encountered on your journey could change your life. If travel isn't possible at the moment, then you could still hear or receive news from someone overseas or abroad - someone you haven't heard from in quite some time.

Be careful

Moodiness, irritability and bad temper could cause arguments during this time. You may find yourself losing your temper with a loved one for no reason at all - and they could be quite hurt and confused by the way you behave. Hidden tensions are now likely to surface. Uncompromising

No longer satisfied with just daydreaming, you will now suddenly have the confidence and energy to make positive changes in your life; without compromise. Others will have to go along with these changes or they will be left behind in a cloud of dust as you, energetically, blaze a powerful trail to better and greater personal ambitions and achievements.

However, a solution could be to expend excessive aggression through hard physical work. Beware being accident-prone during this time.

Do not overdo it

There is much you can accomplish during this time, if only you can control your powerful energies and temper. If you enjoy a challenge, then this period could bring about positive, lasting changes into your life. From about: 27 July 2007 to about: 12 August 2007

Transiting   your natal 

Common sense

Practical common sense combined with clear, logical thought, should enable you to make ordered, positive and constructive plans for the future. Having planned all the intricate pieces of your life, and then slotted them in a rational order, you will be able to see the whole picture of what is ahead - rather like completing a jigsaw in your mind.

However, this isn't the time to make radical changes, it is the time to prepare the groundwork and build firm foundations for future goals and ambitions. Just ensure that once a goal is set, it will be adhered to.

Possessing sound business sense, this would also be an excellent time to research any new financial, career or professional venture. Understanding your capacity for concentrated mental work, you may even consider some special training or schooling in your current field, or retraining for a completely different career.

Strong, stable powers of concentration and accurate communication will enable you to get any point across - so if you need to convince others, especially people in authority, on any matter, then this would be the time to do it.

However, a word of warning, beware becoming overly obsessed with your own opinions, and too rigid in your thoughts. In months to come your outlook will need to remain flexible in order to progress to the next stage of your plans.

This should be an active and energetic time. Prepared to stand up for your own rights, you will now be able to work extremely hard towards achieving goals and ambitions. Much could be accomplished, especially if you work on your own. Now is your chance to show everyone what you are capable of. However, there is a down side as well, as impatience and irritability heightens. Restrictions on your freedom will not be tolerated. Inhibited

There is a certain amount of tension and confusion in your mind as to what to do next. One minute you could be feeling elated, as if you could conquer the world, and the next minute, plunging into the depths of depression questioning and doubting your own abilities. However, don't reject any changes in your life, no matter how disruptive.

If opportunities do come your way during this period then take them even if you are in one of your 'doubting' moods. These opportunities will represent a new chance to break free from outworn, inhibiting habits and circumstances.

Don't worry if you feel that you are sometimes taking one step forwards and yet another step backwards; this period is all about balanced personal growth. For everything you learn, something will have to fall by the wayside; maybe an outworn idea, maybe a mundane job, maybe even a stale relationship; but whatever you've now cut out of your life, it is because it is no longer needed.

Something hidden from your personal past may now come to light.

Patience will be needed during this time, don't rush plans and ideas. Put temporary brakes on any major financial or business plans whilst there is so much confusion concerning your future. Wait until the dust settles. There may also be some conflict between your personal life and career with one seemingly interfering with the other. Be prepared to compromise and find a balance between these two important areas of your life.

Temper, temper

Your fiery temper will be at its fiercest at the moment. Unrelenting anger will be stirring inside you and heaven help the innocent bystander when this anger is vented!

You may not even understand why you are feeling so irritated and resentful, but for some of you, it is the culmination of months of frustration and you can now no longer sit back and ignore the unacceptable situation around you.

Ego clashes are likely with everyone and anyone who happens to be around! Lovers, business colleagues, friends and family - none will escape your wrath.

Work could seem arduous as every step you take forward, you may take two steps backwards. This will obviously just add to your frustration but don't expect much co-operation from colleagues as your own intensity and unsympathetic way of behaving could both threaten and alienate them. Also, this period often indicates a ruthless determination and ambition with the individual not caring who they trample along the road to success. This is not a way to 'win friends and influence people'!

Avoid any legal or official matters during this time - they could become problematic.

This period can also indicate accidents and injury - so care must be taken throughout the period, especially when driving cars or if handling heavy machinery.

Looking for trouble

To say that you've had a better time in love relationships would be an understatement. Tension, conflict, friction, they are all words to describe the way you are now likely to be feeling towards a lover or marriage partner. Problems that have been bubbling away beneath the surface are now likely to violently erupt, and if the differences are irreconcilable, then the relationship may come to an abrupt halt.

Ego clashes are likely with everyone and anyone who happens to be around! Lovers, business colleagues, friends and family - none will escape your wrath.

This may not be one of the easiest times of your life. Your confidence may be easily shattered, and self-inflicted feelings of doubt in yourself could create problems where there are none. In other words, you could go looking for trouble - and worrying about events and possibilities that haven't even happened. However, you could be creating a 'Catch 22' situation. By actually worrying too much, you could create anxiety attacks and problems that should never have existed in the first place.

Stuck in a rut

Feeling restless, daring and extremely receptive to new ideas, you will now be looking to do something completely different. You will now be looking to totally change your life in some way. Freedom and a sense of independence will be of utmost importance to you, so there will be a temptation to break free of any restrictions - be they personal or professional - which are seemingly holding you back and keeping you stuck in a rut.

Many of you will now be too confident, ambitious and too restless to just sit back and wait for opportunities to come to you! So, if you are willing to get the very best out of life and create new chances, change and opportunities for yourself - then you should now expect even more success rewards and riches.

Follow your instincts. As long as you don't tread on other people's toes climbing up the ladder of success, this is a time when you really can't go wrong.

This is certainly a time to take advantage of any opportunities that come your way, especially if they involve travel. If travel isn't possible at the moment then you could still hear or receive news from someone overseas or abroad; someone you haven't heard from in quite some time.

Give up the grudge

This is a time when very little will anger or irritate you; even if something goes wrong you will be philosophical and able to put it into perspective. You may even decide to call a truce with previously held grudges.

Good fortune may also smile upon you, perhaps through some legal matter or speculative investment. So, if a financial bonus does come your way - enjoy it!

Help and support may come from established and respectable sources, possibly from older people, or from your parents, or people in some kind of authority. Legal, insurance and tax matters should also proceed smoothly.

This is a time of learning, a time when lessons and knowledge can be absorbed more easily. Life will flow more easily and much can be accomplished with seemingly very little effort.

But don't just sit back and expect opportunities to 'drop into your lap'. You must be prepared to both look for, and create, new opportunities for yourself.

You will instinctively know how to communicate your thoughts and emotions during this time. Because of your air of confidence, honesty and sincerity, others will trust your words and plans. They will assume that you are in total control of your actions and you probably will be! This will be an excellent time to make long-term plans for the future.

It is also good news time! You are likely to hear or receive some kind of news around now which should lift your spirits. This could be in any area of your life - romance, career, business or health.

Transiting ♃ ☐ your natal ♀

Feeling low

Low energy levels could leave you feeling drained of all vitality during this time. Your body could now be repaying the effects of recent over-indulgence - well, you tasted the goods now you will have to pay the bill!

Work and career productivity could also suffer through failure to perform duties efficiently and competently. You just will not be bothered with all the daily pressures - pushing away responsibilities, hoping they will just disappear. Consequently, very little will be achieved during this period.

Beware financial extravagance during this time - too much cash could be squandered on luxuries and fast living which, in months to come, you will feel, you neither like nor need. Again, the bills will start rolling in!

Personal and love relationships could also find themselves in the firing line. You could become the victim of a misunderstanding, or someone you love and trust could now be trying to take advantage in some way. Or, this insincere and manipulative way of behaving may originate from you, being directed towards unsuspecting loved ones.

Transiting ♃ ♀ your natal ♃

Holding on

The temptation to break free of certain restrictions and responsibilities will be difficult to resist. Craving adventure, excitement, or simply just something new in your life - you could now make a dash for freedom. The only problem, however, is that you may throw the baby out with the bath water. By all means rid yourself of any unnecessary restrictions and burdens - but also make sure that you hold on to anything that is useful and productive.

However, in your haste to break free, this could prove to be a period of extravagance, self-indulgence and empty promises. You could become involved with unreliable people who may temporarily lead you astray, or your own restless and impulsive way of behaving may disrupt the lives of others. If a personal relationship has become either stale or too demanding, either you, or your partner, may now want out.

Avoid the temptation to take on more than you can handle. Don't become involved in grand, over-inflated plans and schemes that, deep down, you know just will not work. Be careful that you don't let others down by promising more than you can deliver. Unstable finances could also cause problems and lead to conflicts.

Transiting ♃ △ your natal ☉

Sit back and enjoy

This should prove an extremely pleasant, easygoing, and possibly, even lucky period in your life. It is time to just sit back and enjoy all of life's pleasures that come your way!

However, many of you may now be too confident, ambitious and just too restless to sit back and wait for opportunities to come to you! So if you are willing to get the very best out of life and create new chances, change and opportunities for yourself - then you should now expect even more success, rewards and riches. Follow your instincts. As long as you don't tread on other people's toes climbing up the ladder of success, this is a time when you really can't go wrong. Travel could be linked with work - so you could find yourself mixing business with pleasure!

Financially, this could prove to be an extremely successful and lucrative time. Feeling confident that you have the Midas touch, you will be willing to take a few calculated risks. Just make sure that they have been properly considered before rushing headlong into making major financial commitments.

But one word of warning - do watch your weight, especially if you choose the former option of just sitting back and enjoying life. Relaxing holidays taken now will probably be extremely pleasant, lazy and laid back - but extra pounds gained devouring all that wonderful food will take months and months to shed. Be warned!

Unrealistic expectations

Preferring idealism to realism, you could now be lost in a world of self-deception, daydreams and unrealistic expectations. Alternatively, you could try to escape the pressures of daily routine and responsibilities through drink or drugs.

Pre-occupation with religious or spiritual matters could also cause you to temporarily reject the material world. However, take care not to be misled by false prophets.

You will be incredibly generous around now but less scrupulous individuals could take advantage of your sensitivity and misplaced sympathies. Avoid taking unwise risks, especially shady financial deals and dubious 'get-rich-quick' schemes.

Confusion

There is a certain amount of tension and confusion in your mind as to what to do next. One minute you could be feeling elated as if you could conquer the world, and the next minute, be plunging to the depths of depression, questioning and doubting your own abilities. However, don't reject any changes in your life, no matter how disruptive.

If opportunities do come your way during this period then take them, even if you are in one of your 'doubting' moods. These opportunities will represent a new chance to break free from outworn, inhibiting habits and circumstances.

Don't worry if you feel that you are sometimes taking one step forward and then two steps backwards. This period is all about balanced personal growth. For everything you learn, something will have to fall by the wayside - maybe an outworn idea, maybe a mundane job, maybe even a stale relationship - but whatever you've now cut out of your life, it is because it is no longer needed.

Something hidden from your personal past may now come to light.

Patience will be needed during this time so don't rush plans and ideas. Put temporary brakes on any major financial or business plans whilst there is so much confusion concerning your future. Wait until the dust settles. There may also be some conflict between your personal life and career with one seemingly interfering with the other. Be prepared to compromise and find a balance between these two important areas of your life.

Deceitful competitors will soon be left far behind.

Around the house

There will be increased activity in and around the home. It is a good time to redecorate. However, hidden anger may now be dredged up from deep within your past. Feeling irritable, you may find yourself arguing about things you do not really agree with or fully understand. And if you do not understand what you are fighting for, then others certainly will not. Confused? You will be, with others equally confused. In particular, beware disagreements with your parents and close family. Property related matters might also cause turmoil. All this emotion could upset your health. In order to avoid digestive problems, do not eat when overwrought, tired or upset.
